Subject: Allow Uber

Myself and many of my friends have used Uber many times. The cleanliness, safety and overall attitude of EVERY Uber driver that we have had has been unmatched by other forms of transport. They provide an amazing platform that allows getting cars at a moment's notice with ease. On top of all of this, it is still very cost effective.

At minimum this service should be allowed to force the taxi companies to step up their game.

Thanks for reading,

Abe Gibson

**Subject:** SC Needs Uber

Uber is a safe, reliable, and quick way for people to get rides. I have used it on multiple occasions to get safely home. It keeps drunk drivers off the roads, is faster than waiting for a taxi, and cost less for budget-minded individuals. Not everyone has access to reliable transportation and Uber has provided a much needed service in South Carolina.

**Subject:** Uber

I am a huge supporter of Uber and I have experienced more safe and reliable driving service from this company than ANY of the cab and taxi services (private and public) in the state of South Carolina! I've also used Uber in Houston, TX and it was also more reliable and safer than the taxi services that were provided! Think if the decrease in state DUI's with this wonderful service! What a shame that South Carolina has not allowed something so positive to provide to the wonderful people living here, keeping them safe!!

Please reconsider this action!
